THE MADAME PH GLOBAL STANDARD OF CARE

At Madame PH, we do not “manufacture”. We practice Pangangalaga—the Filipino art of mindful, protective care. Three pillars define our global standard of care:

Clinical Precision

The founder’s background is a Registered Nurse with experience in renal care and psychiatric care for children and the elderly.

Disciplined Scarcity

A commitment to the 1,000-unit to preserve the “Hand-of-the-Maker” quality.

White-Glove Logistics

We provide carbon-conscious packaging that requires no further wrapping, reducing waste and honoring our “Eco-Luxe” promise.

FORMULATION STANDARD: THE SLOW PATH RITUAL

pH-Balance Optimization

All soaps are cured for a minimum of 42 days to ensure a non-stripping, skin-safe alkalinity.

Ingredient Integrity

We ban synthetic detergents (SLS), parabens, and phthalates. Only food-grade or therapeutic-grade botanicals are permitted.

CULINARY HERITAGE: THE TRADITIONAL FERMENTATION PROCESS

Our Nipa Palm Gourmet Vinegar is sourced exclusively from the “Paombong Wetlands”. No synthetic acetic acid is permitted.

As a health-focused brand, every batch of vinegar is monitored for its Antioxidant Profile.

We highlight its hepatoprotective (liver-protective) and antidiabetic properties as a functional wellness tool, not just a condiment.

THE HERITAGE HOME DECOR: CLIMATE-RESILIENT PROTOCOL

We source only from verified sustainable growers in Palawan (Hardwoods) and Samal/Panay (Capiz). Our wood assets undergo high-pressure treatment to ensure they do not warp or crack when exported to varying global climates. We avoid heavy synthetic lacquers. Instead, we use natural waxes and oils that allow the wood to “breathe”, ensuring the piece gains character with age.

THE BRAND STORY

Our logo's 'M' is a sacred, tripartite intersection: honoring Madame Cornelia (maternal grandmother), the founder of Madame PH, and a pivotal silent partner. Born from a profound season of expectancy, it serves as an eternal tribute to a life briefly held but deeply loved. From the transformation of grief into purpose, this brand stands as a living legacy—a manifestation of nurturing, craftsmanship, and connection shared with the world.

The Philosophy: Approachable Luxury

Madame PH redefines high art through the lens of the everyday. We believe a home should invite connection rather than create distance; here, true luxury is found in the human bond and the art of co-existing.

The Commitment: Eco-Luxe & The Filipino Way

Rooted in Pangangalaga (Mindful Care), our commitment embodies Gawang Pinoy, Galing Pinoy. We don't just consume resources; we steward them to preserve our planet, empower our people, and honor our culture.

Sanctuary for the Senses: An Invitation to Self-Love

We create spaces where women can pause to honor their resilience, embrace their beauty, and celebrate their strength. Through a slow, intentional rhythm of life, we champion the principle of holistic wellness.

Ancestral Innovation: Crafting the Future

We bridge the gap between tradition and tomorrow by elevating old-world materials, handcrafted by local artisans, into the realms of the digital future and global wellness tourism.

THE VISION: A NEW ERA OF PHILIPPINE LUXURY

Founder and Creative Director Marjiel Gono-Apacible envisions Madame PH as a global eco-luxe powerhouse. She champions a future where Philippine tourism is defined not by concrete structures, but by the restorative power of our natural landscapes, the boundless creativity of our people, and the soul of artisanal handmade crafts.

Marjiel's perspective is uniquely multi-dimensional, blending the clinical precision of a nurse, the sophisticated soul of a hotelier, and the strategic edge of a marketing consultant. Through this lens, she transformed the "M" emblem into a symbol of Mastery, Mindfulness, and Motherland—reimagining luxury as something human, relatable, and deeply rooted.

The Founder's Note: The Soft & Silent Sovereign

Madame PH is a reflection of the Soft & Silent Sovereign. I lead with a gracious authority—an influence that never needs to shout, rooted instead in the deep intentionality of quiet, perfectly unpolished luxury.
